

# Autoimmune Encephalitis – Anti-NMDAR and Beyond

Learn more about  
autoimmune  
encephalitides  
and associated  
autoantibodies in  
this rapidly  
developing field.

**Wednesday**  
**July 26<sup>th</sup>, 2017**  
**12 PM – 1 PM EST**

Presenter:  
Maarten Titulaer, MD, PhD  
Erasmus Medical Center,  
Rotterdam, The Netherlands

Maarten Titulaer, MD, PhD  
is a professor for neurology  
and combines clinical work  
with translational research.

Previously, he worked  
with Professor Dr. Dalmau  
at the University of  
Pennsylvania and Barcelona  
to study anti-NMDA receptor  
and anti-LGI1 encephalitis.
